## CAPABILITY STATEMENT

### Core Competencies

For over twenty years M.A.P. Technology Solutions has been a full-service technology consulting firm helping companies streamline and improve their information technology systems. Our business model provides:

- Consulting Services with special designations in IBMi services and ERP software support
- Contract/Contract-to-Hire/Staff Augmentation – IT / Technical expertise for short and long term projects, work overflow and seasonal demands.
- Direct Placement – providing engaged IT professionals that make a positive contribution to your business.

### Past Performance

- Long term project with a logistics company resulting in on time deliveries and faster receivables.
- Short term project with a leading Insurance Corporation for process improvement resulting in staff savings and complying with auditor's requirements.
- Direct Placement of Senior Programming professionals (Analyst and Systems Engineer) in both Manufacturing and Transportation.

### Differentiators

- Technical Expertise
- Process Optimization
- Broad Network of IT Professionals
- Industry competitive pricing
- Timely placement of talent that remain in positions.
- Placement fees averaging 15% of base salary.
- Thorough vetting of customer personnel needs prior to search.
- Cost savings and competitive advantage ...
